

AIR/OIL CASE COOLER

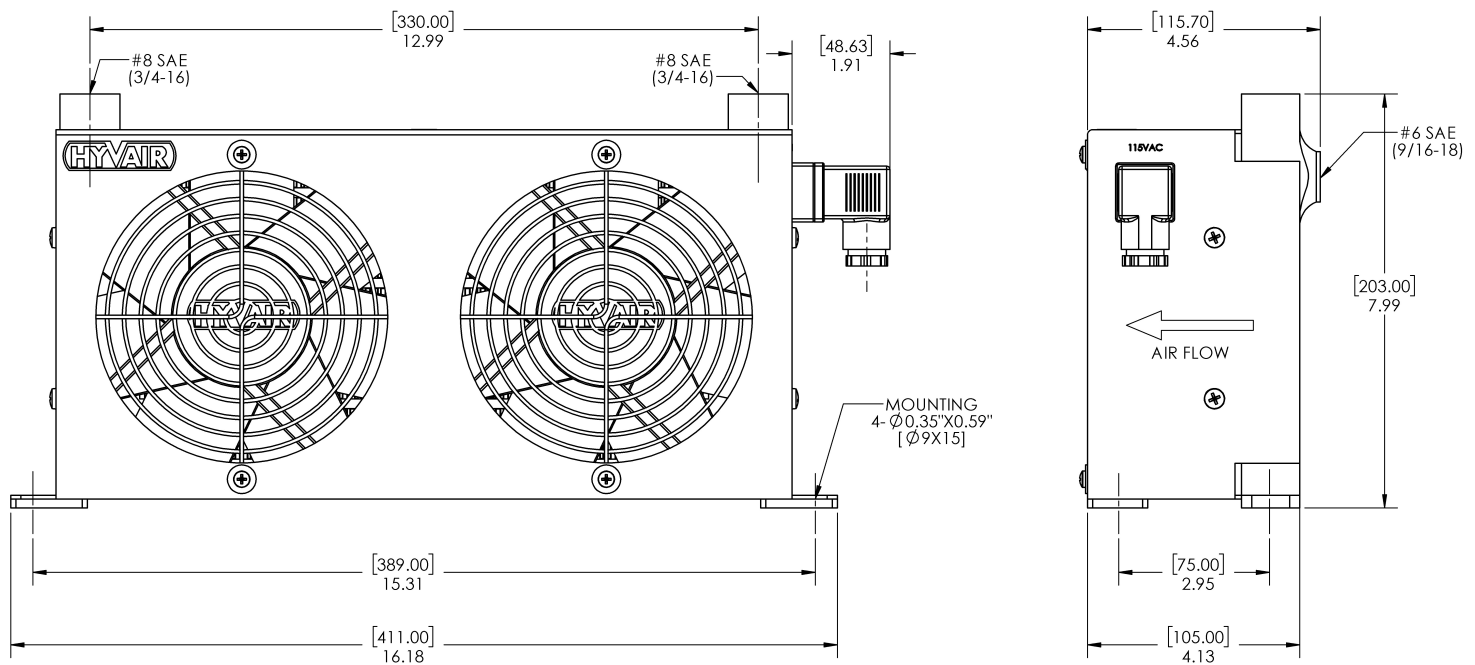

AC2 SERIES

COOLER FEATURES

- **Low Noise:** Coolers utilized motors with slower fan speeds for reduced noise levels.
- **High Performance:** Louvered fan blade design provides high heat transfer rates.
- **AC-Motor Powered Fan:** Units will come standard with Single-Phase VAC motors.
- **Available:** 115A VAC Units are in stock ready for immediate shipping, 230VAC, 12VDC, 24VDC available for order
- **Dual Connections:** SAE 8 and SAE 6 Connections at the inlet and outlet
- **Options:** MERV 6 filter with aluminum bracket is available.
